

IVAN HOBSON ARRIVES TO ATTEND MEETING OF CLUB LEADERS

Ivan Hobson, assistant in charge of boys and girls club work in 11 western states, with headquarters in Washington, D. C., has arrived in Ogden and will be here until Monday evening, while investigating conditions of the local boys and girls clubs of Weber county.

He arrived in Ogden today accompanied by M. H. Harris, state club leader, and will attend the Boys and Girls Club Leaders' convention to be held tomorrow at the farm bureau offices in the federal building.

County Club Leader A. J. Taylor has announced that representatives from all sections of the county will be in attendance at the convention tomorrow.

Western Clubs Rated High.
Regarding the development of boys and girls club work in the United States, Mr. Hobson said that western states, while their membership is not as great as eastern and middle western organizations, had closer organization and had been rated very high among clubs for boys and girls of the United States.

He stated that there were two tendencies manifested at present which seemed to insure the future of club work. One of these is the installation of permanent club leaders for each county, instead of having a new leader appointed each spring.

Youngsters Deeply Interested.
The second tendency is the realization of the value of teaching the children along lines prescribed by the club leaders. Through this method, the communities are greatly developed and the youngsters manifest an interest in the civic and social welfare of the places in which they live.

He said that extension work was at present greater than ever before but that greater strides were anticipated within the next year or so.

Enrollment during the past year, with the emergency appropriation done away with, has fallen off but with 350,000 members in organizations of western states, excellent results are expected. The big aim of the boys and girls clubs, he said, is to improve through demonstrations and other work the efforts of boys and girls.

Survey Party Starts Work on Arsenal Site

Murray Kay, chief of the survey party which arrived here yesterday from Washington, D. C., to make a thorough survey of the site for the Ogden arsenal, set out to work yesterday morning with a large number of assistant surveyors supplied by the city commissioners, county commissioners, U. S. bureau of public roads and the forest service.

Construction of the spur from the present line of the Bamberger railroad to the site is already under way, and it is reported that thirty-two cars of steel to be used in the construction of the plant have already been shipped from the east to Ogden.

Strike in Sympathy With Railway Clerks

COLUMBUS, O., April 2.—Approximately 1000 local employees of the Norfolk and Western railway terminals struck this afternoon in sympathy with the Brotherhood of Railway Clerks, according to announcement made by union officials.

CHRISTIAN CHURCHES OBSERVING HOLY WEEK

Yesterday was Maundy Thursday, a day in the calendar of the Christian church which calls the faithful to remember the commandment, Latin mandatum, from which the word Maundy is derived, of the Lord calling his disciples to love one another. On this day it is customary in St. Peter's at Rome to carry through literally the ceremony of washing the feet of twelve aged men in obedience to the spirit of the Christ who at the close of a tiring day washed the feet of His disciples thereby showing them how he who would be the chiefest among men must consent to be the lowliest of all and the observance of the "Last Supper."

Today is Good Friday, the day on which the Christian church throughout the whole world recalls to mind the sufferings and death of Him who died to save all men from their sins.

In the Roman and Episcopal churches it is customary to hold the services of "the hours" in which meditations are spoken to the people assembled.

Holy Week closes with the celebration of Easter Day when the conquest of the Lord Christ over sin and the grave is observed in all Christian churches.

Southern Utah Stockmen Agree on Steer Prices

Southern Utah stockmen have agreed upon prices for the spring delivery of steers, advices from the forest service offices indicate. According to announcements received today the stockmen have set prices as \$45 for yearling steers, \$65 for two-year-old steers, and \$70 for 3-year-old steers, delivered to the railroad. For animals bought at the range, prices of \$43, \$60 and \$70, respectively, will be asked for the three grades of cattle.

Ogden Valley Under Thick Snow Blanket

John Felt, dairy inspector for the city, has reported a 13½ inch snowfall for Ogden valley. He claims that the storm is one of the heaviest ever experienced in that section of the country for April.

At noon today it was necessary for snow plows to clear the car tracks, traffic being suspended on account of the snow which blocked the tracks.

Sylvester Grow, in a telephone message, reports 17 inches of snow on the level.

Sheep Quarantined in San Juan County

Scabies prevail among sheep wintering in San Juan county to an extent that an inspector from the state livestock board has been sent to that vicinity to take charge of the situation, according to information received at the local forest offices today. Two dippings of all sheep in that vicinity will be necessary, it is stated, before the animals are allowed to range on the forest preserve.

Wandering minstrels were adjudged rogues and vagabonds in the reign of Queen Elizabeth.

MAUDE TABOR'S AGED MOTHER ON TRIAL IN MICHIGAN

PAW PAW, Mich., April 2.—Preliminary examination was begun here today of Mrs. Sarah I. Tabor, in the new case brought against her in connection with the death of her daughter, Maude Tabor Virgo. The original proceedings against Mrs. Tabor were dismissed when the state supreme court ruled that the first examination had developed insufficient evidence to warrant holding her on a murder charge.

The body of Maude Tabor Virgo was discovered in the basement of her home at Lawton, near here, four months ago, jackknifed into a trunk which had been concealed under a pile of shingles.

Steamship Eastern King on Fire at Sea

NEW YORK, April 2.—The American steamship Eastern King, bound from New York to Cuban ports, is on fire near Sagua de la Grande, on the Cuban coast, according to a wireless message received here today by the naval communications service. The steamer Lake Medford responded to the call for assistance and is pumping water onto the fire, the message added.

The Eastern King, a shipping board steamer of 3164 gross tons, was built in Japanese shipyards in 1918. She is operated by the Munson line.

Snappy Items of Sports News

NEW YORK, April 2.—Stanislaus Zbyszko, Polish heavyweight wrestler, last night refused to accept the decision of a referee in his favor after his opponent, John Freiburg of Chicago, had been thrown from the mat and injured after the match had gone 1 hour, 19 minutes and 14 seconds without a fall.

Freiburg's head struck the floor at the edge of the mat and he was unable to continue the match. He was not seriously injured. It was said Zbyszko announced his willingness to meet the Chicago wrestler when he had recovered.

Freiburg was "the best man" he had met since his return to America, Zbyszko said.

NEW YORK, April 2.—Vincent Richards, champion, and William T. Tilden II, Philadelphia, won places in the final round of the national indoor championship tennis singles yesterday.

Richards easily mastered Samuel Hardy, former Californian, 6-1, 6-1. Willard H. Botsford, former Columbia champion, gave Tilden a surprise. He handed his service as a surprise. He was blowing thistle down at him and actually broke through Tilden's service in four of the five games he won in the second set. Botsford lacked severity in his volleys, a thing that assisted the Philadelphian to win without the aid of his powerful serve. The score of the match was 6-1, 7-5. Tilden and Richards meet for the title Saturday morning.

PEORIA, Ill., April 2.—A new high single game mark for the two-men events was established at the American Bowling congress yesterday by C. Jakowski and C. Irbanski, Toledo, when they hit for 482. The score came in their first game. Their total count was 1193, just inside the prize money, had second and third games pulling them down. E. Neitske, of Toledo, was high in the singles, hitting for 679 to take ninth place in the standings. Five men, all events and two men leaders were safe throughout today's bowling.

PORTLAND, Ore., April 2.—Tom O'Rourke, manager of Fred Fulton, said yesterday that he had offers for Fulton to box Johnson in Lower California, but that he would not accept the offers.

Sitting on a tack is one joke, the point of which even the densest of us will get immediately.

We understand that it is hard to fool a married woman because she has been fooled once.

Real Estate Transfers

Mary E. Lindsay to Parley Farrell, part of lot 3, block 40, plat C, \$2650.

J. W. Wheeler and wife to Fred A. Pierce, part of the northeast quarter section 17, township 6 north, range 1 west, \$1000.

O. C. Sessions to Peter Jennings, part of lots 12 to 16, block 2, Brooklyn addition, \$2000.

Mrs. A. H. DeWitt and husband to Harry Hesse, part of lot 3, block 12, plat A, \$5500.

W. E. Johnson to Mrs. A. H. DeWitt, part of lot 3, block 12, plat A, \$5000.

Annie L. Rowbottom to Elizabeth Bullough, part of lot 7, block 53, plat A, \$300.

The Realty and Rental company to Albertus Bragorje, part of lots 19 to 23, block 10, Central Park addition, \$2000.

BOYS AND GIRLS WILL AID IN SAVING YOUNG LAMBS

M. H. Harris, of the Utah Agricultural college extension division and state leader of boys and girls clubs of Uinta county, will probably be the means of saving 5000 orphan lambs this spring.

He said that the club members were cooperating with woolgrowers of that section in an effort to reduce the death rate of the orphan lambs. Last year the children saved over 1100 lambs and this year an experiment will be made in feeding the orphans with dried milk until they gain sufficient strength to be parceled out to members of the boys and girls clubs.

It is estimated that three-fourths of the orphan lambs, which in the past have been a total loss because of lack of attention, will be saved through the efforts of the club members.

Representatives Will Take Trip to Orient

WASHINGTON, April 2.—Many members of the house of representatives and their families are planning a trip this summer to Hawaii, the Philippines, China and Japan. The transport Mount Vernon will be placed at their disposal, it was said today, and will leave San Francisco July 5, returning about September 1. One hundred members are expected to make the voyage.

KANAB ISOLATED FOR EIGHT DAYS BY DEEP SNOW

With a depth of snowfall sufficient to impede all travel over roads in the Kanab forest, the town of Kanab has been without coal oil or gasoline for the past ten days and as the result people are "going to be with the chickens."

No mail from Ogden reached there for a period of eight days, Forest Supervisor J. C. Roark reports.

Helen Taft to Speak at League Meeting

LOS ANGELES, Cal., April 2.—More than 700 delegates had registered early today for the annual convention of the League of the Southwest and 300 more were expected to register before the afternoon session. A majority of the addresses referred directly to the problems connected with the Colorado river.

The address of Governor O. A. Larrazola, of New Mexico, on "state cessation" was read by Charles H. Field, of Las Vegas, because of the governor's illness. Governor Thomas E. Campbell of Arizona, and Senator Robert L. Owen, of Oklahoma, are to speak this afternoon.

Miss Helen Taft, dean and acting president of Bryn Mawr college, will be the only woman speaker at the convention. She will discuss "educational problems" at the afternoon session.

Mother's Dream Comes True

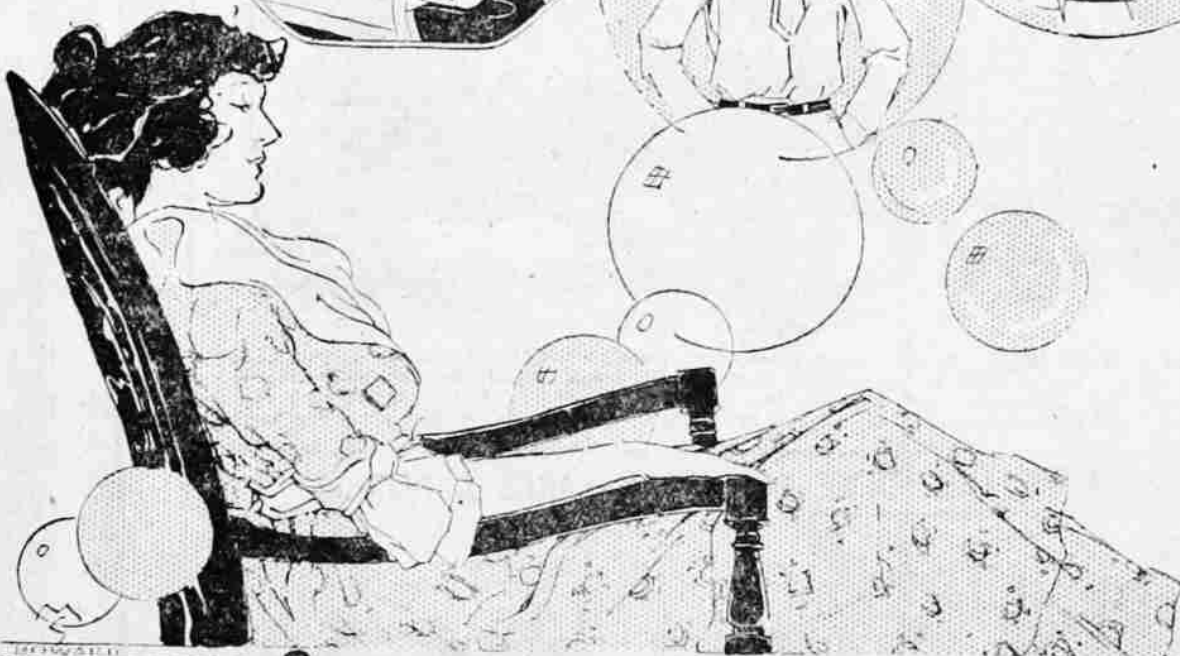

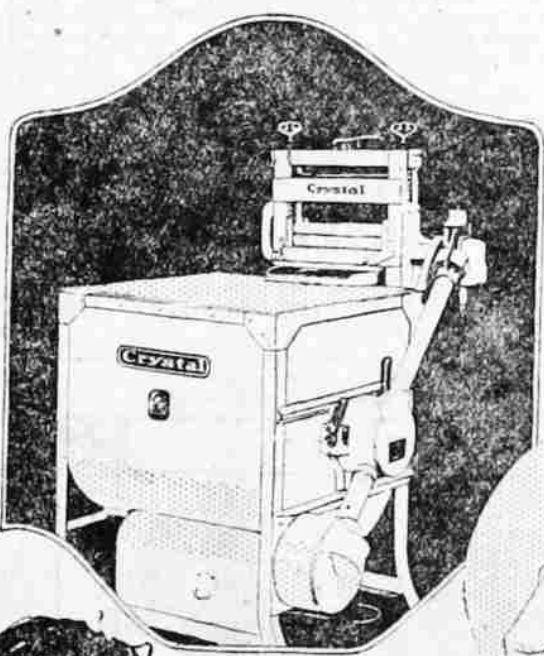

Plenty of Clean Clothes for the Whole Family
Demonstration of Crystal Washing Machines at Our
Store Saturday Afternoon

Come In and See the
Crystal Working

Let it convince you by actual operation that it does clean your finest laundered pieces. Let it convince you that your heaviest comforters come from its large capacity cylinder fluff, airy and spotless. See how quickly and thoroughly it washes, how gently it handles your daintiest finery. If you can't come telephone for a representative. He will call and explain the Crystal by interesting pictures.
